**RE: FDEP ID: COM 288039, Weekly Update**

Jon Iglehart  
South District Director, FDEP  
2295 Victoria Avenue, Suite 364  
Fort Myers, Florida 33901

Dear Mr. Iglehart,

This letter constitutes the weekly update requested by FDEP concerning the removal of the lime residual at the South Street Property.

The groundwater sampling is scheduled for Monday 2-18-2019. Currently wells 2-6 are no longer functioning.

Attached please find a weekly on-site progress report.

The transportation of the lime residuals did not occur on Feb 13<sup>th</sup> & 14<sup>th</sup> due to the excessive rainfall on the 13<sup>th</sup>. As of the end of day on Thursday 2-14-2019, 23,300 tons of material has been taken to Mulberry for processing and disposal. Removal and transportation will continue next week.

The City of Fort Myers will continue to coordinate with FDEP to facilitate the Removal Plan and monitoring.

If you have any other questions or concerns please contact me at (239) 321-7630.

Thank you,

Richard H Thompson, P.E.  
City of Fort Myers  
Stormwater Resource Manager
