Jon Iglehart
South District Director, FDEP
2295 Victoria Avenue, Suite 364
Fort Myers, Florida 33901

Dear Mr. Iglehart,

This letter constitutes the weekly update requested by FDEP concerning the removal of the lime residual at the South Street Property.

Groundwater samples were collected on June 21, 2019 from MW's 7, 8, 9 & 10. Additionally, surface water samples were collected from the excavations. The results will be submitted when they are received.

Electronic copies of the Site Assessment Report Amendment and the Lime Residuals Removal Report were delivered to the South District Office earlier today for your review.

If you have any other questions or concerns please contact me at (239) 321-7630.

Thank you,

Richard H Thompson, P.E.
